STAT

Please permit me to thank you for your kindness to me in giving up your Sunday afternoon to come pick me up and for the hospitality at your house. I appreciated all this very much, and I enjoyed extremely the opportunity of conversing with you on one of your ideas--that of supplying a fund in advance--which we are already working on, and I think can be arranged.

Please present my respects to [redacted] and again with thanks for your kindness, please believe me,
